Date	:	09.11.2022
Time	:	3.00 pm to 5.00 pm
Theme of the today's activity	:	Facilities available in the college
Resource person or Presenter	:	S. Nageswara Rao, Lecturer in physics

Facilities available in the college

Introduction:

Inaugural session is conducted in college for welcoming all the first-year students. On behalf of college staff and senior students, Principal Dr.K.Jyothi addressed the gathering on 4th November 2022. Principal extended a very warm welcome to them explaining that the priority of college is to provide a safe, secure and engaging learning environment which is inclusive, ambitious and challenging.

Basically, facilities offered by a college affect the health, behavior, engagement, learning, and growth of the students. The physical and emotional health of students and teachers also depends on the facilities they are getting in college.

So, every college should be equipped with proper facilities for the students and teachers, such that an environment conducive to learning is created.

Motto of the todays event:

- To create awareness on facilities available in the college to the students
- To inculcate the importance of the facilities available in the college towards grownup the students with complete human being
- To create awareness on facilities available in the college for academic activities , Cultural activities and sports and games
- To create awareness on rules and regularizations of the college

Importance

- Through this activity, the student will be getting an overview on the facilities available in the college
- Students will be benefits by utilizing the facilities their progress in studies and as well their physical, mental and moral strength.

Outcome:

- After completion of the today's event, students have got an overview on the facilities available in the college
- They know that each and every facility is used for a growth of the students in their path of learning
- They assured that they will use the facilities and properties available in the college to become a highly knowledgeable and socially responsible person
- They are actively and enthusiastically participated in this program
