

STUDENT INDUCTION PROGRAMME FOR 2022-23

Day 6 (14-11-2022)

**TOPIC: Activities to build and strengthen the bond
with faculty and Mentoring, Endowment Prizes**

Sri G.Prakasam Babu, In charge department of Mathematics Explained to the first year students about the “Activities to build and strengthen the bond with faculty and Mentoring, Endowment prizes” given by the Philanthropists and old students of this college and their importance.

Objective:

1. To create awareness on college endowment prizes
2. To discuss various activities to strengthen the bond with faculty and mentoring.

Importance:

Through this activity students are aware about different Endowment prizes offered by the college with the help of college Alumni, Faculty and Philanthropists. The discussions inspire the students and try to get good marks in the semester end examinations.

Outcome:

With the strengthen of teacher and mentoring the students are freely move to their mentors and discuss various personal issues so that the students are free from psychological stress.
