## **Outcome:**

Students engaged in these activities can aware of available through online and offline around our college neibourhood. This helps to introduce computer-based studies for students who are interested in self-learning. Online studies will help students to learn basics in innovative ways and clear their concepts easily. When all the senses work at the same time students get more interested and involved in the subject. So self-learning activates senses such as eyes and ears of students which results in better understanding. The Facility is available at the official website @ ccelms.ap.gov.in. CCE LMS learning enables a student to learn from anywhere as well as get a quality education.
